FITTINGS WITH SYSTEM

G-FITTINGS is one of the leading suppliers of fitting systems because of our dedicated focus on Innovation, with a dynamic approach, and contemporary designs. Our company came out of the Antiqua Guliker GmbH in 1980 and has been focusing on the production of high-quality fittings since that time. The specialisation was self-titled: from the first letter of the founders Guliker and the English word for fittings: G-FITTINGS.

G-FITTINGS has the support of an entire team of experienced specialists. Passion, motivation and enthusiasm for our products and the wishes of our clients are our practice. Driven by our clear mission, we work hard every day to manufacture world-class fitting systems that meet the highest requirements in design and technology.

We are always looking for even better solutions to meet our clients' needs. The focus: create new trends instead of following them.

GLASS DOORS WITH SYSTEM

The glass doors made by G-FITTINGS combine smart functionality with stylish elegance. Whatever your needs are, we have the solution!

Flush doors belong with the classics and are always ideal if the door must have the ability to be shut reliably and tight. On the other end of the scale are swing doors, which are the perfect solution for buildings with a lot of traffic. A beautiful and functional alternative is the sliding door. It requires less room and is therefore suitable where space is limited.

While conventional doors are often made of wood, glass doors are a particularly modern variant. They create a sense of open space and a clear, pleasant atmosphere.

Our assortment of glass doors includes:

- Flush doors
- Swing doors
- Sliding doors
- Panel doors

PARTITION WALLS WITH SYSTEM

The days of partitions being purely functional are long gone. Modern partitions have attractive designs and maximum service life. This very much applies to the glass partitions by G-FITTINGS.

Our product solutions fit into any space harmoniously and are impressive with their high-quality materials and surfaces. For example, you can choose an anthracite or a stainless steel design, or opt for a matt silver anodised version.

In addition, when you opt for our partitions, you also have the advantage of easy and quick installation and high compatibility of the separate components.

Our assortment of partitions includes:

- Glass partitions
- Partition frames
- Profiles
- Corner connectors

GASTRONOMY WITH SYSTEM

Whether it is a store, a hotel bar or a showroom – appearance is very important in the food service industry. In the development of our product solutions for the food service industry, the design has the highest priority. But even the most visually tasteful product would not be perfect if it is not also functional and high-quality.

G-FITTINGS combines all these qualities in unique product solutions, from bar accessories and displays to sneeze-guard systems. Choose from a wide assortment and choose the highest quality.

Our gastronomy assortment includes:

- Sneeze-guard systems
- Bottle racks
- Bar accessories
- Showcase systems
- Display systems

TUBE CONNECTORS WITH SYSTEM

Whenever products for interior design offer unlimited design freedom, G-FITTINGS is mentioned. You will find an enormous selection of elegant system components in our tube coupling category. We have a fitting solution for every need, from the pillars via the flange to the glass clamp.

There are many options for you to choose from in terms of design, because our tube plug-in systems are available in stainless steel, brass, chrome or anthracite and in round or square shapes. You can also select different tube diameters.

Our assortment of tube connectors includes:

- Pillars
- Adapters
- Flanges
- End caps
- Glass clamps

SANITARY WITH SYSTEM

Another important focus point in our assortment is the sanitary and bathroom portion. Here, we offer you system solutions that not only convince with their contemporary design, but that are also ideal for combining with each other. All products have been designed specifically to meet the high requirements and challenges of wet spaces.

Whether it is an entirely glass shower cubicle, mirror systems or toilet systems – get inspired by our product solutions and create a design that combines aesthetics and functionality.

In our sanitary assortment, you will find:

- Entirely glass shower cubicles
- Shower walls
- Mirror systems
- Toilet systems

SOLUTIONS WITH SYSTEM

We want to make your life as comfortable as possible. That is why we offer you frequently requested products, such as handrails, doorknobs, bottle racks, poles and so much more than just prefabricated solutions. You can choose from many models, styles and materials to create a unique look.

If there is nothing suitable for you in our wide assortment, do not hesitate to contact us. We are happy to develop and produce your own desired product based on your requirements.

Our prefabricated solutions include:

- Handrails
- Doorknobs
- Partition pillars
- Bottle racks
- Coat racks
- Barriers

LOGISTICS WITH SYSTEM

Our head office is in Emmerich on the Rhine – close to the Dutch border – and we therefore offer excellent conditions for the worldwide shipping of our products.

We are supported by a worldwide network of over 60 distribution partners.

G-FITTINGS always delivers the desired product at the right time at the right place. Thanks to the most up-to-date software, close cooperation with our transport partners, and about 4,000 m² of storage space, deliveries are fast and efficient.

And the best part: All orders for stock items that are received before noon are shipped from our warehouse the same day.

ADVICE WITH SYSTEM

We are very excited about our products and work hard every day to pass our enthusiasm on to our clients and partners. The quality of advice plays a decisive role for us.

Whatever your challenge is, our product specialists take their time and are available for you with competence and years of experience. The goal: to determine the best solution to your needs in collaboration with you. You will not only get solid advice from our specialists, but also all the materials and documents required. If need be, we will sit down at the table with you to come up with your desired solution.

Just send an email to: sales@g-fittings.com or phone us at: +44 (0)17 82 491 030. Visit: www.g-fittings.com to find the right contact person, as a processor, trade partner or planner.

We look forward to your visit!
